<sup>2</sup> Standard page - standardized page with 1800 characters of text (including spaces and special characters)

<sup>3</sup> Fees calculated in relation to effective number of employees, number of sites, certified products, etc.

## I02A NR Pricelist for Conformity Assessment of Medical Devices

	Type of Fee	Fee (in EUR)	Factors influencing the calculation of fee charged	Fee range (min-max)
			increase <sup>4</sup> or reduce <sup>5</sup> duration of the audit	
Unannounced Audit	Flat	7200 EUR	Minimum 2 auditors for 1 day per manufacturing site	N/A
<b>Product testing</b>				
Laboratory testing (including preparation and reporting but excluding expenditures incurred for external tests)	N/A	N/A	N/A	N/A
<b>Documentation Review</b>				
Technical documentation assessment	Hourly	300 EUR	per Technical file (with 1 intended purpose), includes 2 rounds offsite Price includes 10 variants and/or brand names. For each additional max. 10 variants and/or brand names 1 hour of technical documentation assessment fee is added. Price includes one model of MD. For each additional model 2 hours of technical documentation assessment fee is added. MD class IIa – 50% discount is applicable.	N/A
Clinical evaluation report assessment (CEAR)	Hourly	300 EUR	per Technical file (with 1 intended purpose), includes 2 rounds offsite. Price includes 10 variants and/or brand names. For each additional max. 10 variants and/or brand names 1 hour of clinical evaluation assessment fee is added. Price includes one model of MD. For each additional	N/A

<sup>4</sup> Some factors that may increase the duration of the audit:

- i) If more than one technical area is required to be audited, the audit time shall be extended to address any additional requirements related to the additional technical area(s); if more than one technical area will be audited, the audit time shall be extended by a minimum of 4 hours per additional technical area,
- ii) the complexity of the MD / IVD MD; the audit time shall be extended by a minimum of 25%,
- iii) manufacturers using subcontractors to provide processes or components that are critical to the functionality of the MD/IVD MD and/or the safety of the user or finished products including private label products. When the manufacturer cannot provide sufficient evidence of compliance with the audit criteria, an extension of audit time may be allowed for each subcontractor; audit time shall be extended by a minimum of 4 hours for each subcontractor audited for processes or components, critical suppliers beyond the time spent en route,
- iv) manufacturers who install products at customer premises - time may be required to visit customer premises or review installation records; audit time shall be extended by a minimum of 10%,
- v) lack of compliance with regulatory requirements by the manufacturer; audit time will be extended by a minimum of 1 audit day,
- vi) multiple shifts, number of production lines, etc.; if multiple shifts will be audited, audit time will be extended by 4 hours in case of night shift, if multiple production lines producing different MD / IVD MD will be audited at the same time, audit time will be extended by a minimum of 2 hours per line.

<sup>5</sup> Some factors that may reduce the duration of the audit (max - 20% of the total time listed in Table 1D above):

- i) Scope of the organization not including manufacturing whose activities are retail, wholesale, transport or maintenance of equipment, etc. (max - 20%),
- ii) narrowing of the manufacturer's product range since the last audit (max. - 20%),
- iii) narrowing of the design and/or production process since the last audit (max - 15%)
